

All,

I am pleased to announce that we have purchased an upgraded subscription allowing all INDOT employees unlimited access to ASTM and AASHTO standards online. I am including a summary of all documents available with this subscription:

ASTM Complete Sections included in the DOT PACKAGE: 12,000 Active and Historical Standards

- o Section 1 Iron and Steel Products
- o Section 2 Nonferrous Metal Products
- o Section 3 Metals Test Methods and Analytical Procedures
- o Section 4 Construction
- o Section 5 Petroleum Products, Lubricants, & Fossil Fuels
- o Section 6 Paints, Related Coatings, and Aromatics
- o Section 7 Textiles
- o Section 8 Plastics
- o Section 9 Rubber
- o Section 10 Electrical Insulation and Electronics
- o Section 11 Water and Environmental Technology
- o Section 14 General Methods and Instrumentation
- o Section 15 General Products, Chemical Specialties, & End Use Products

ASTM's Standards and Engineering Digital Library: 42,800+ peer-reviewed technical documents from ASTM's Library

AASHTO Sections included in the DOT PACKAGE: 400 AASHTO Standards

- o Materials and Methods of Sampling & Testing (the "Materials Book"), 35th Edition & AASHTO Provisional Standards, 2015 Edition
- o A Policy on Geometric Design of Highways and Streets (The Green Book), 6th Edition
- o Roadside Design Guide, 4th Edition
- o Highway Safety Manual, First Edition
- o AASHTO LRFD Bridge Construction Specifications, 3rd Edition
- o AASHTO LRFD Bridge Design Specifications, Customary U.S. Units, 7th Edition
- o AASHTO LRFD Bridge Design Specifications, 6th Edition
- o Manual for Bridge Evaluation, 2nd Edition
- o Transportation Asset Management Guide: A Focus on Implementation
- o LRFD Specifications for Structural Supports for Highway Signs, Luminaires, and Traffic Signals, 1st Edition
- o Standard Specifications for Structural Supports for Highway Signs, Luminaires, and Traffic Signals, 6th Edition
- o Guide for the Development of Bicycle Facilities, 4th Edition
- o Standard Specifications for Transportation Materials and Methods of Sampling and Testing, 34th Edition
- o AASHTO Provisional Standards, 2014 Edition
- o Standard Specifications for Transportation Materials and Methods of Sampling and Testing, 33rd Edition (The Materials Book) and AASHTO Provisional Standards

eLearning Videos / LMS:

- o Learning Management System Provides Cement & Concrete Training
 - o Staff trains online at their own pace
 - o Testing to monitor progress
 - o Three concrete and aggregate modules
 - o Includes slide presentations, videos, glossaries, and more
-

Access is available through ASTM Compass located at <http://compass.astm.org> . Each individual can register by clicking on the "Register" link towards the top right of the screen. Once a person has registered, they will be able to access the portal anytime they are on the State network (I believe using VPN will also work if you are in a remote location).

All documents can be accessed, saved, and printed as many times as needed. The only caveat is: **Documents are not to be shared with anyone outside of INDOT. This includes Consultants or Contractors working on INDOT projects. The license we have purchased allows for INDOT use only.**

Please share this email with anyone at INDOT who needs access to ASTM and AASHTO documents.

Thank you,

Matthew Beeson, P.E. State Materials Engineer

Indiana Department of Transportation Office of Materials Management

Phone: (317) 610-7251 ext. 204
